GERMANY CALL FOR AID

HOOPER SEEKING REPUBLICAN NOMINATION

Hitherto Unpublished Letter Reveals He Differs With Wilson On Pact.

ALSO SHOWS HE FOUGHT BRITISH

Democrats Disappointed, But Not Closing Door On His Nomination.

By DAVID LAWRENCE.

WASHINGTON, D. C., March 18.—Herbert Hoover is running for the Republican presidential nomination, or rather, to use political vocabulary, his friends are doing the running. The latest proof of Mr. Hoover's Republicanism has just been issued in the form of a letter, dated April 17, 1919, which shows that the former food administrator approved the nomination of Senator Lodge, if not Senator Fall on many phases of international policy, and that while he advocated a league of nations, his conception of what the measure of American participation should be differs considerably from that of President Wilson.

Just what is the purpose of these revelations of letters written a year ago, but bearing on the situation, cannot be discovered from the Hoover supporters, but other revelations are promised. Before long it will be disclosed.

What Will Be Disclosed.
That Herbert Hoover is not "an Englishman," as the Hoover press has branded him, and that he is not a friend of the British more bitterly than anybody in Paris and at one time threatened a complete rupture of his negotiations with the British over food matters unless pledges which Mr. Hoover considered had been given by Great Britain were kept.

That Herbert Hoover doesn't approve of the severe criticism of Wilson administration, especially its domestic policies, and especially its policy of intervention in other countries of the government.

That finally, it is revealed that Mr. Hoover is more closely identified with the Republicans than the Democrats at present.

Now it must be clearly understood that Mr. Hoover is not defining his position on page 4, column 2.

THIRTEENTH DIVORCE IS OBTAINED BY LA. WOMAN
BOONE, La., March 18.—Thirteen may be an unlucky number, but it didn't cause Mrs. Alice A. Boone to stop, look and listen when it came to seeking her thirteenth divorce. She got it, the thirteenth divorce, here, with John A. Boone playing opposite her in the court scene.

The winning of the case against Boone was the second victory of the kind in this state for Mrs. Boone, who has kept the courts busy breaking the body of matrimony.

Because of her repeated performance in the role of "The Grass Widow" the announcement that she was to star in "My Thirteenth Divorce" attracted a throng to the courtroom.

"The proved circulation of The El Paso Herald is twice that of any other El Paso paper."

FALL PROBERS

LOS ANGELES, Calif., March 18.—The senate subcommittee on Mexican affairs, headed by senator Fall, planned to begin formal sessions at quarters assigned to it in the chamber of commerce building here today. It was said R. M. P. of Yuma, Ariz., would be heard this morning at his own request, in explanation of evidence recently given before the committee on Mr. Fall's relation with Mexican authorities.

The session, which will continue for about a week, according to present plans, will be secret. Senator Fall said this ruling was made at the request of witnesses who feared that published reports of their testimony would interfere with their business relations in Mexico.

AIDS ITALIANS, FIGHTS POLAND

If Poles Had Same Help Italians Have Received, It Would Help Them.

By FRANK H. SIMMONS.

WASHINGTON, D. C., March 18.—The latest bolshevik attack upon Poland is the logical and inevitable consequence of Anglo-American policy pursued in the east of Europe at and since the Paris conference. It is the result of an effort to apply rigidly and consistently the principle of self-determination, which in the west of Europe we have not applied with anything like the same fidelity.

Underlying all else has been the notion that if the Poles were only released from the narrowest possible areas, to those areas in which the majority were Poles, and even where the majority were not Poles, but the Polish element was provided on the smallest scale, neither Germany nor Russia would ever again attack the Polish people.

But the Poles, on their side, with the menace of bolshevism in front of them, have sought frequently with allied approval, hastily given and later with equal haste withdrawn, to occupy areas in which the Polish element is at least Polish in part and in all of which Poland ruled, before the notorious partition, and this to prevent the arrival of the enemy at the center of their own territories.

Berlin Casts Off Reactionary Rule But Is Confronted With New Peril

Of Bolsheviks Gaining Full Control

RED FORCES MARCHING TOWARD CAPITAL; HEAVY ATTACK EXPECTED SOON

U. S. CITIZENS FEAR FOR LIVES

COBLENZ, Germany, March 18.—(By the Associated Press.)

Two hundred Americans, who have been attending the fair at Leipzig, have telegraphed and telephoned Maj. Gen. H. T. Allen, commanding the American army of occupation, urgently asking for help to leave Leipzig where they describe conditions as dangerous to their lives. Gen. Allen is sending a special train to bring them away.

Proletarian Dictatorships Set Up in Dortmund, Gera, Halle and Other Sections; Workers in Leipzig Drive Government Troops From City; Guards Not in Control of Berlin, Making Soviet Drive Favorable.

GERMANY has cast off the governmental regime suddenly set up by the reactionary elements last Saturday morning, but advises indicate she is now facing another extreme peril in the form of a wave of radicalism.

Reports from Berlin say Dr. Wolfgang Kapp, the reactionary chancellor, and his adherents have either fled from the city or contemplate going at once. Armed forces of the reactionary element are leaving Berlin today and the presence of Gustav Noske, minister of defense in the Ebert cabinet, who arrived in Berlin last night by airplane from Stuttgart, would seem to indicate that the constitutional government intends to assume control immediately. Gen. von Seeckt, president Ebert's chief of staff, has been named commander of government forces in Berlin.

Announcements by Dr. Kapp, as well as statements from the Ebert government, reflect the fear of a radical uprising in Germany. In fact, Dr. Kapp's announcement stated he had resigned so that the country might be enabled to fight Bolshevism. From various cities come reports of uprisings of workers, and advices from Berlin state that red forces under command of Spartacist leaders are marching on that city. As the Ebert troops have not as yet resumed full control, an attack by the reds is feared.

Throughout Germany radical elements have in many places taken over direction of affairs, at least temporarily. Proletarian dictatorships have been set up at Dortmund, Gera, Halle, Ohlig, and Gelsenkirchen, according to reports, while in Leipzig workers have driven government troops from the suburbs of the city and were engaged late yesterday in street fighting. In the Rhens and Westphalian industrial districts, it is said, the workers are ready to follow radical leaders.
